STATE OF RUTGERS UNIVERSITY-NEW BRUNSWICK

Agenda

- 1 A Look Back
- 2 A Look Forward

The Past 250 Years

B1GR

Rutgers University–New Brunswick

- In New Brunswick and Piscataway with additional locations (NJAES) throughout New Jersey
- Closely coupled with RBHS—two medical schools, a dental school, and NJ's NCI-designated comprehensive cancer center
- Approximately **10,000 faculty and staff**
- Operating budget ~ **\$1.54 billion**
- More than **42,000 students** from all 50 states and more than 115 countries

New Brunswick Enrollment – 2017

~6,000

First-year
(38,000+ Applicants)

115

Valedictorians and
Salutatorians

82%

New Jersey residents

29%

Pell Grant eligible

New Brunswick Honors College

492 First Year Students
1480 Average SAT
50% Female
13% First generation

New Brunswick Undergraduate

92%

1-year retention rate

80%

6-year graduation rate

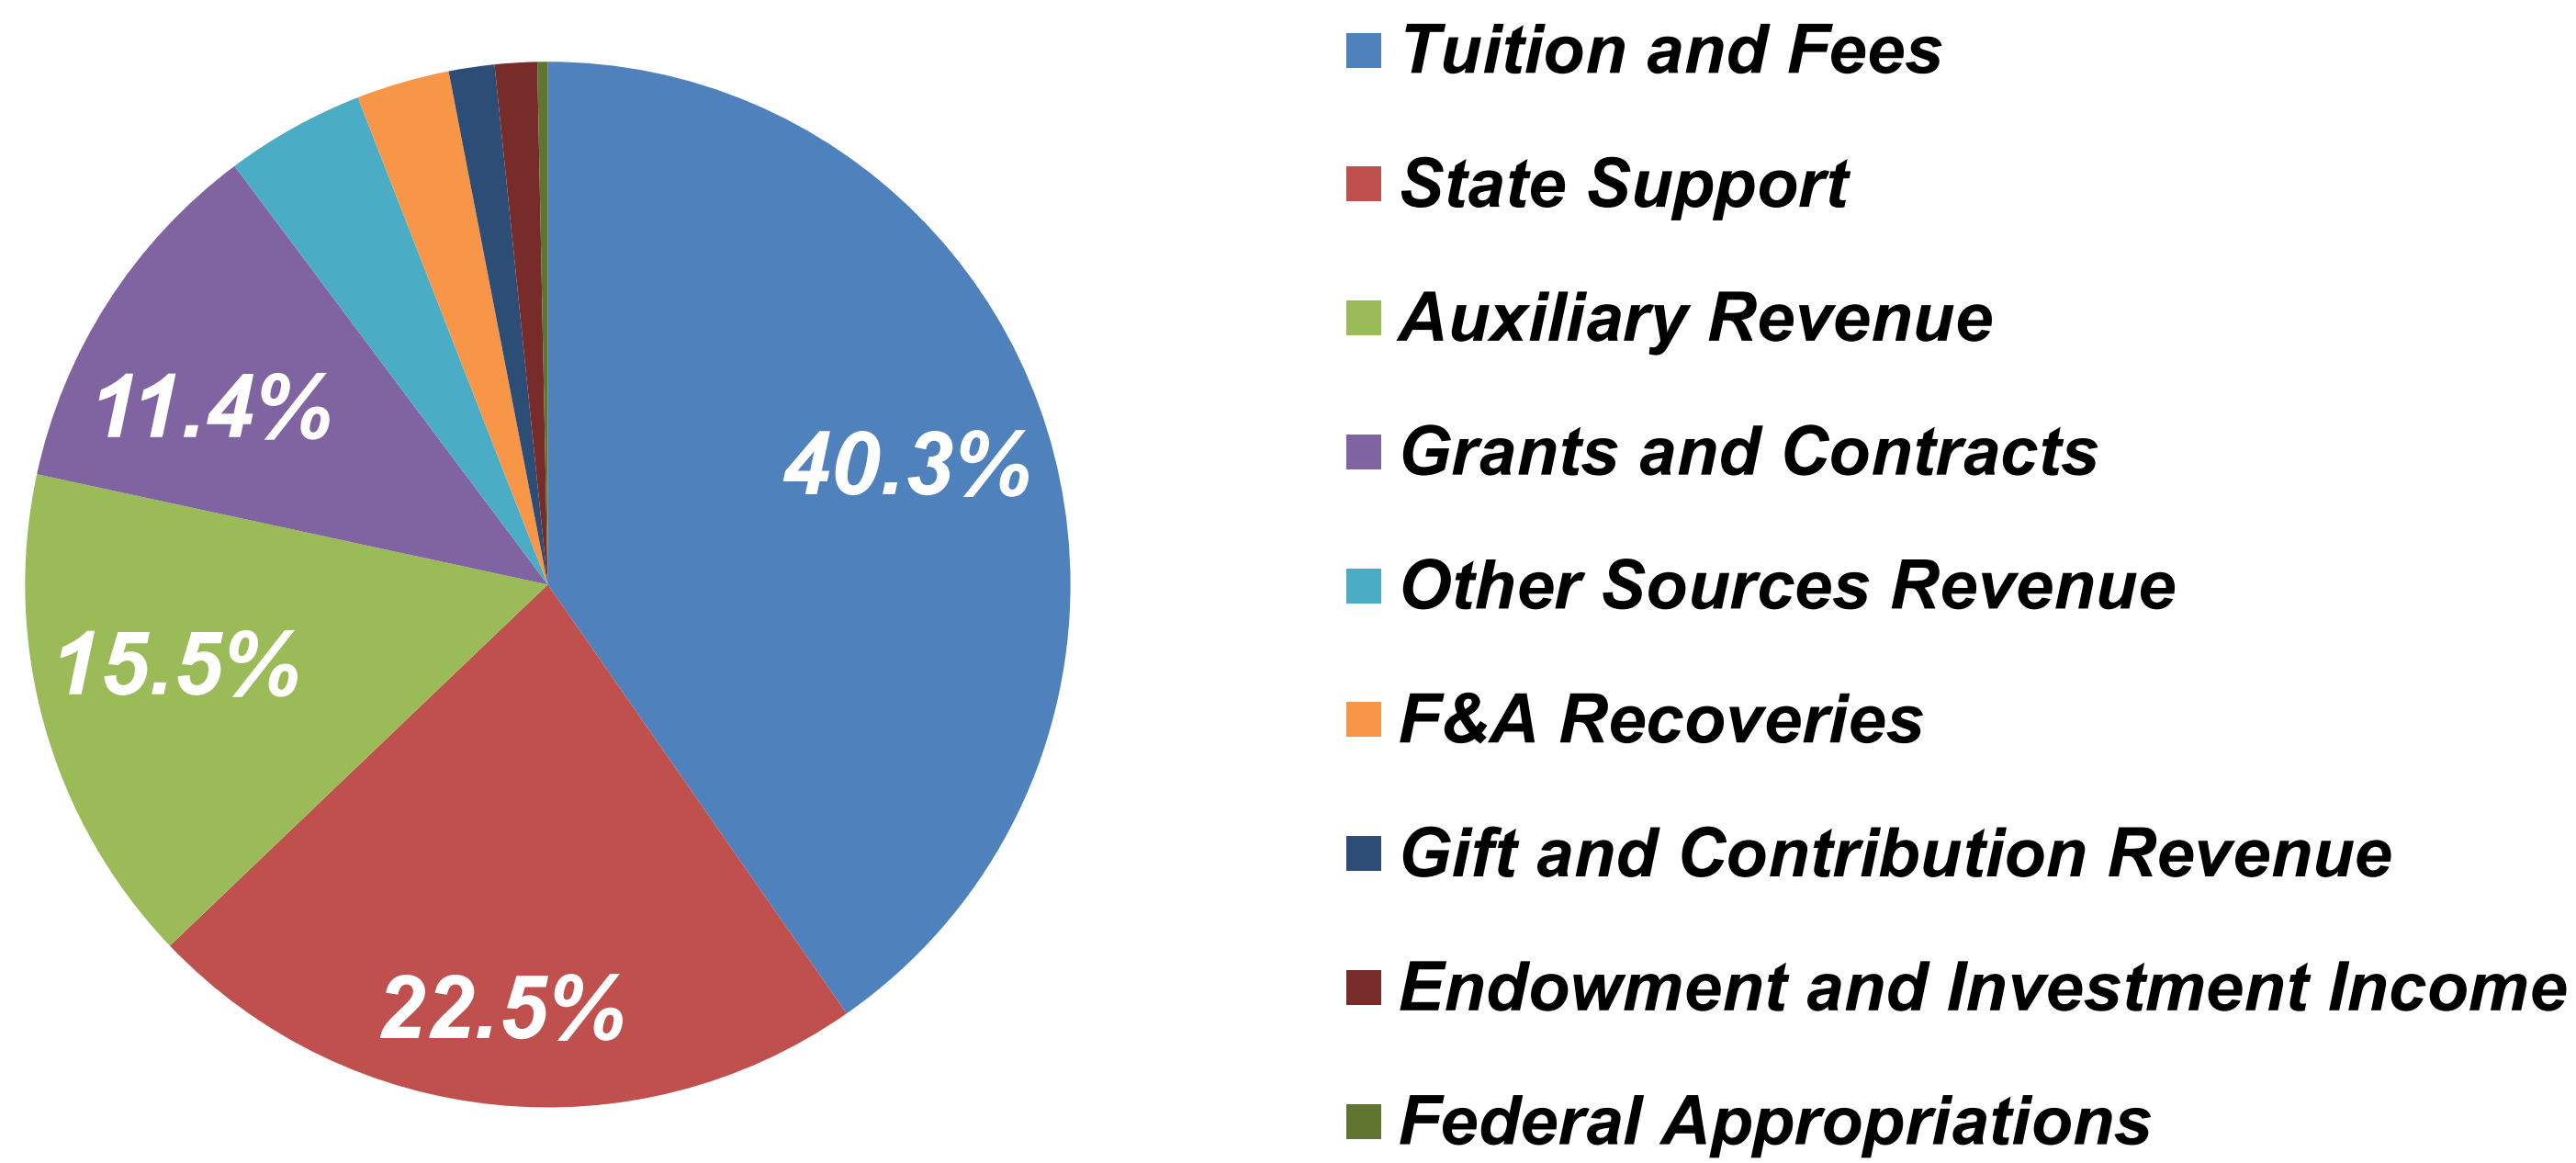

\$14,372

In-state tuition & fees

\$30,023

Out-of-state tuition & fees

Board of Governors Fiscal Year 2017-18 Budget

Fundraising: \$126 Million (+43% from last year)

\$44 million donation of 17,300 historic artworks to Zimmerli Art Museum donated by **Nancy Ruyle Dodge** and the **Avenir Foundation**

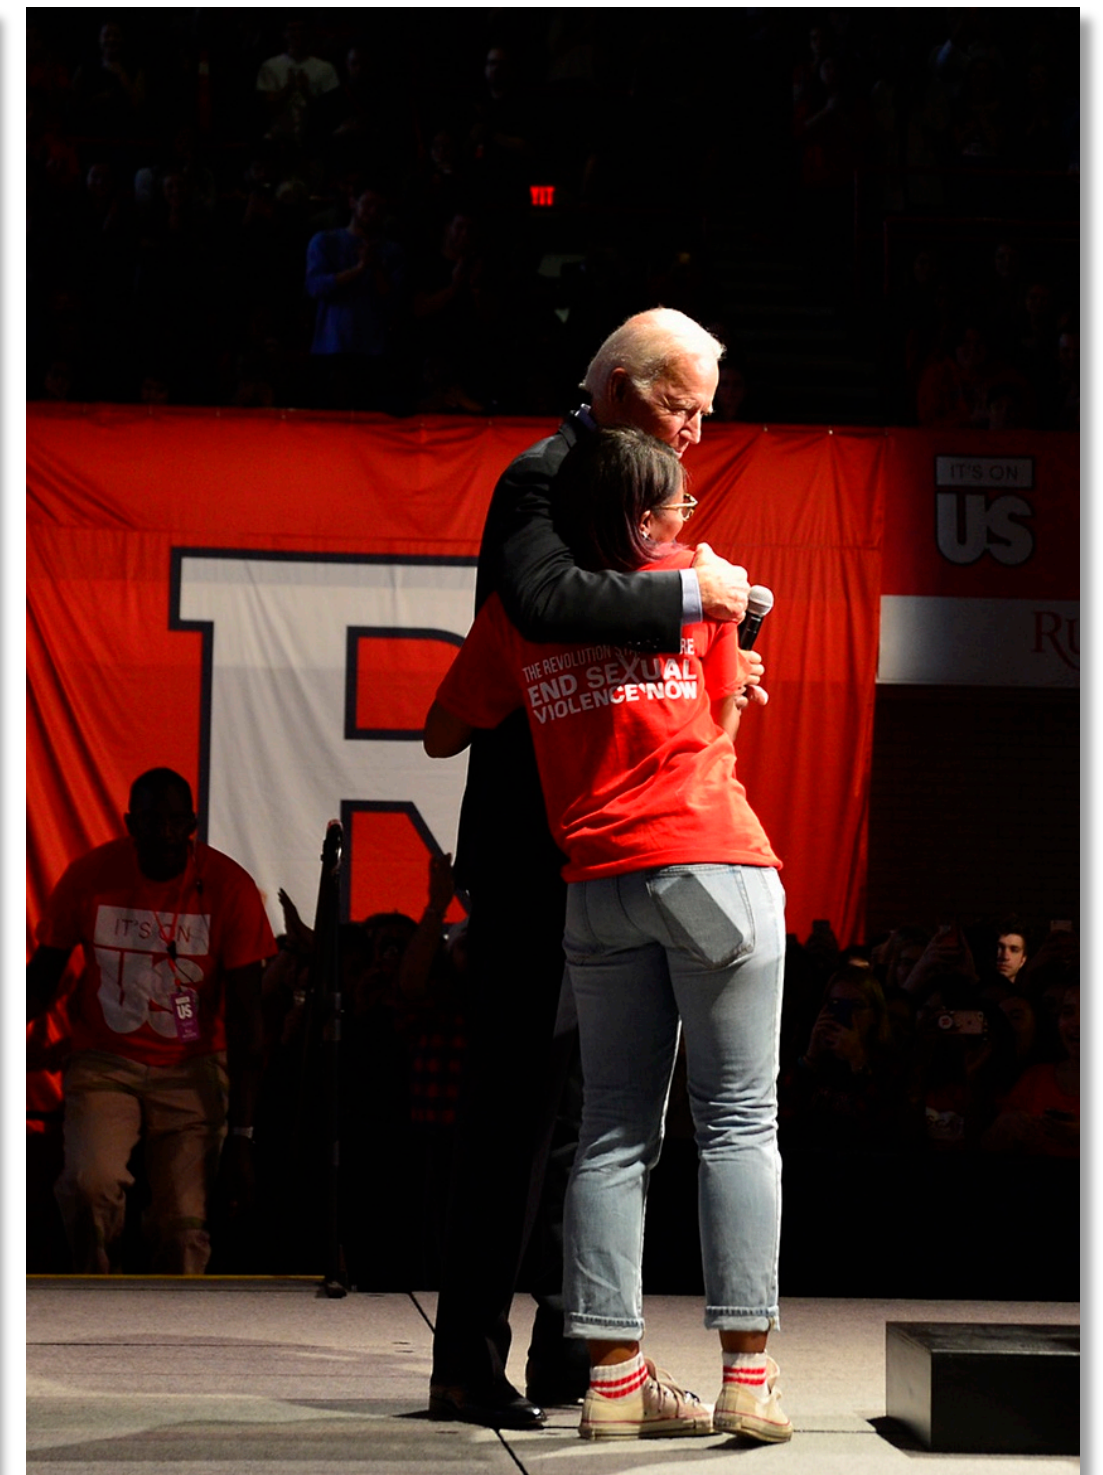

\$15 million donated by **Gary and Barbara Rodkin** to support student-athlete academic achievement

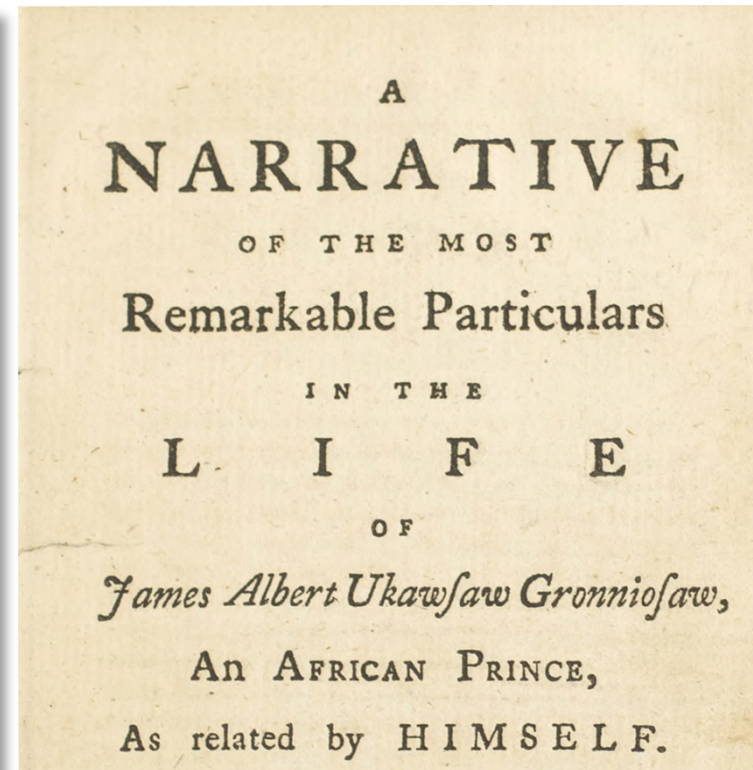

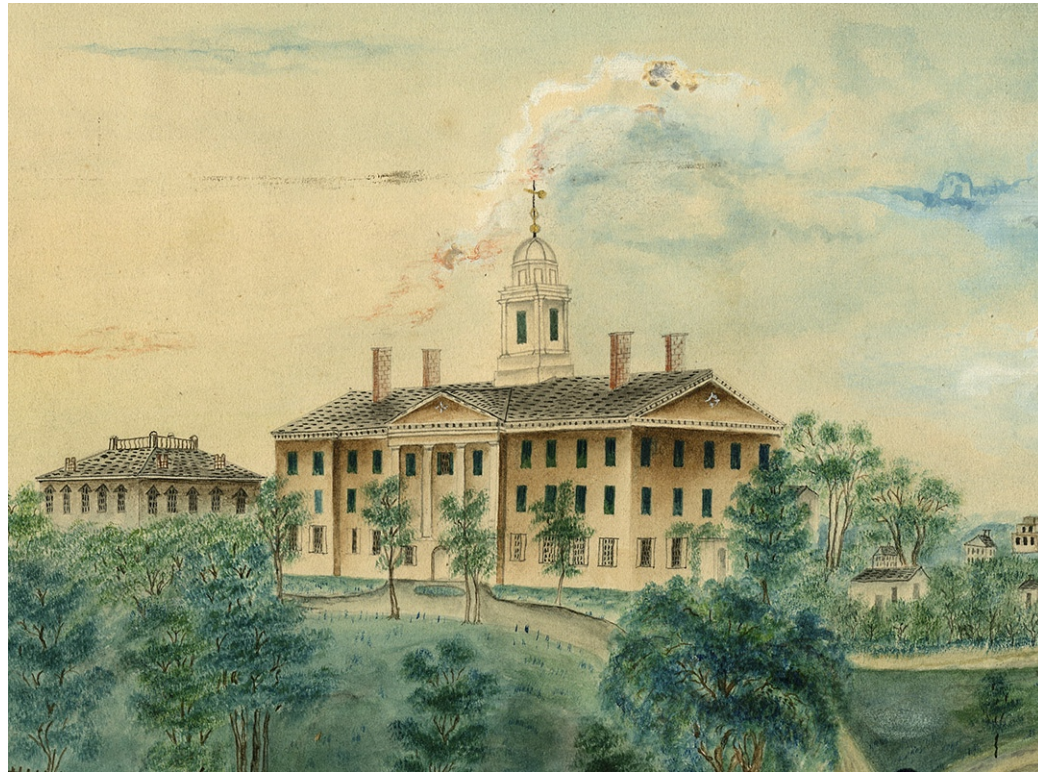

Notable Events

Vice President Joe Biden “It’s On Us” Rally

October 12, 2017

Why Do We Do What We Do?

Chancellor's Colloquium

February 5, 2018

4:00 p.m. to 6:00 p.m.

Trayes Hall, Douglass Student Center

Coasts in Times of Sea-Level Rise

Professor Kopp's research focuses on understanding uncertainty in past and future climate change, with major emphases on sea-level change and on the interactions between physical climate change and the economy. He has authored over seventy scientific papers and several popular articles in venues including the *New York Times*. Professor Kopp is a lead author of the U.S. Global Change Research Program's 2017 *Climate Science Special Report* and of *Economic Risks of Climate Change: An American Prospectus*.

Robert Kopp

Director of the Rutgers Institute of Earth, Ocean & Atmospheric Sciences and Professor in the Department of Earth & Planetary Sciences

The Public Mission of Our University

New Jersey State House

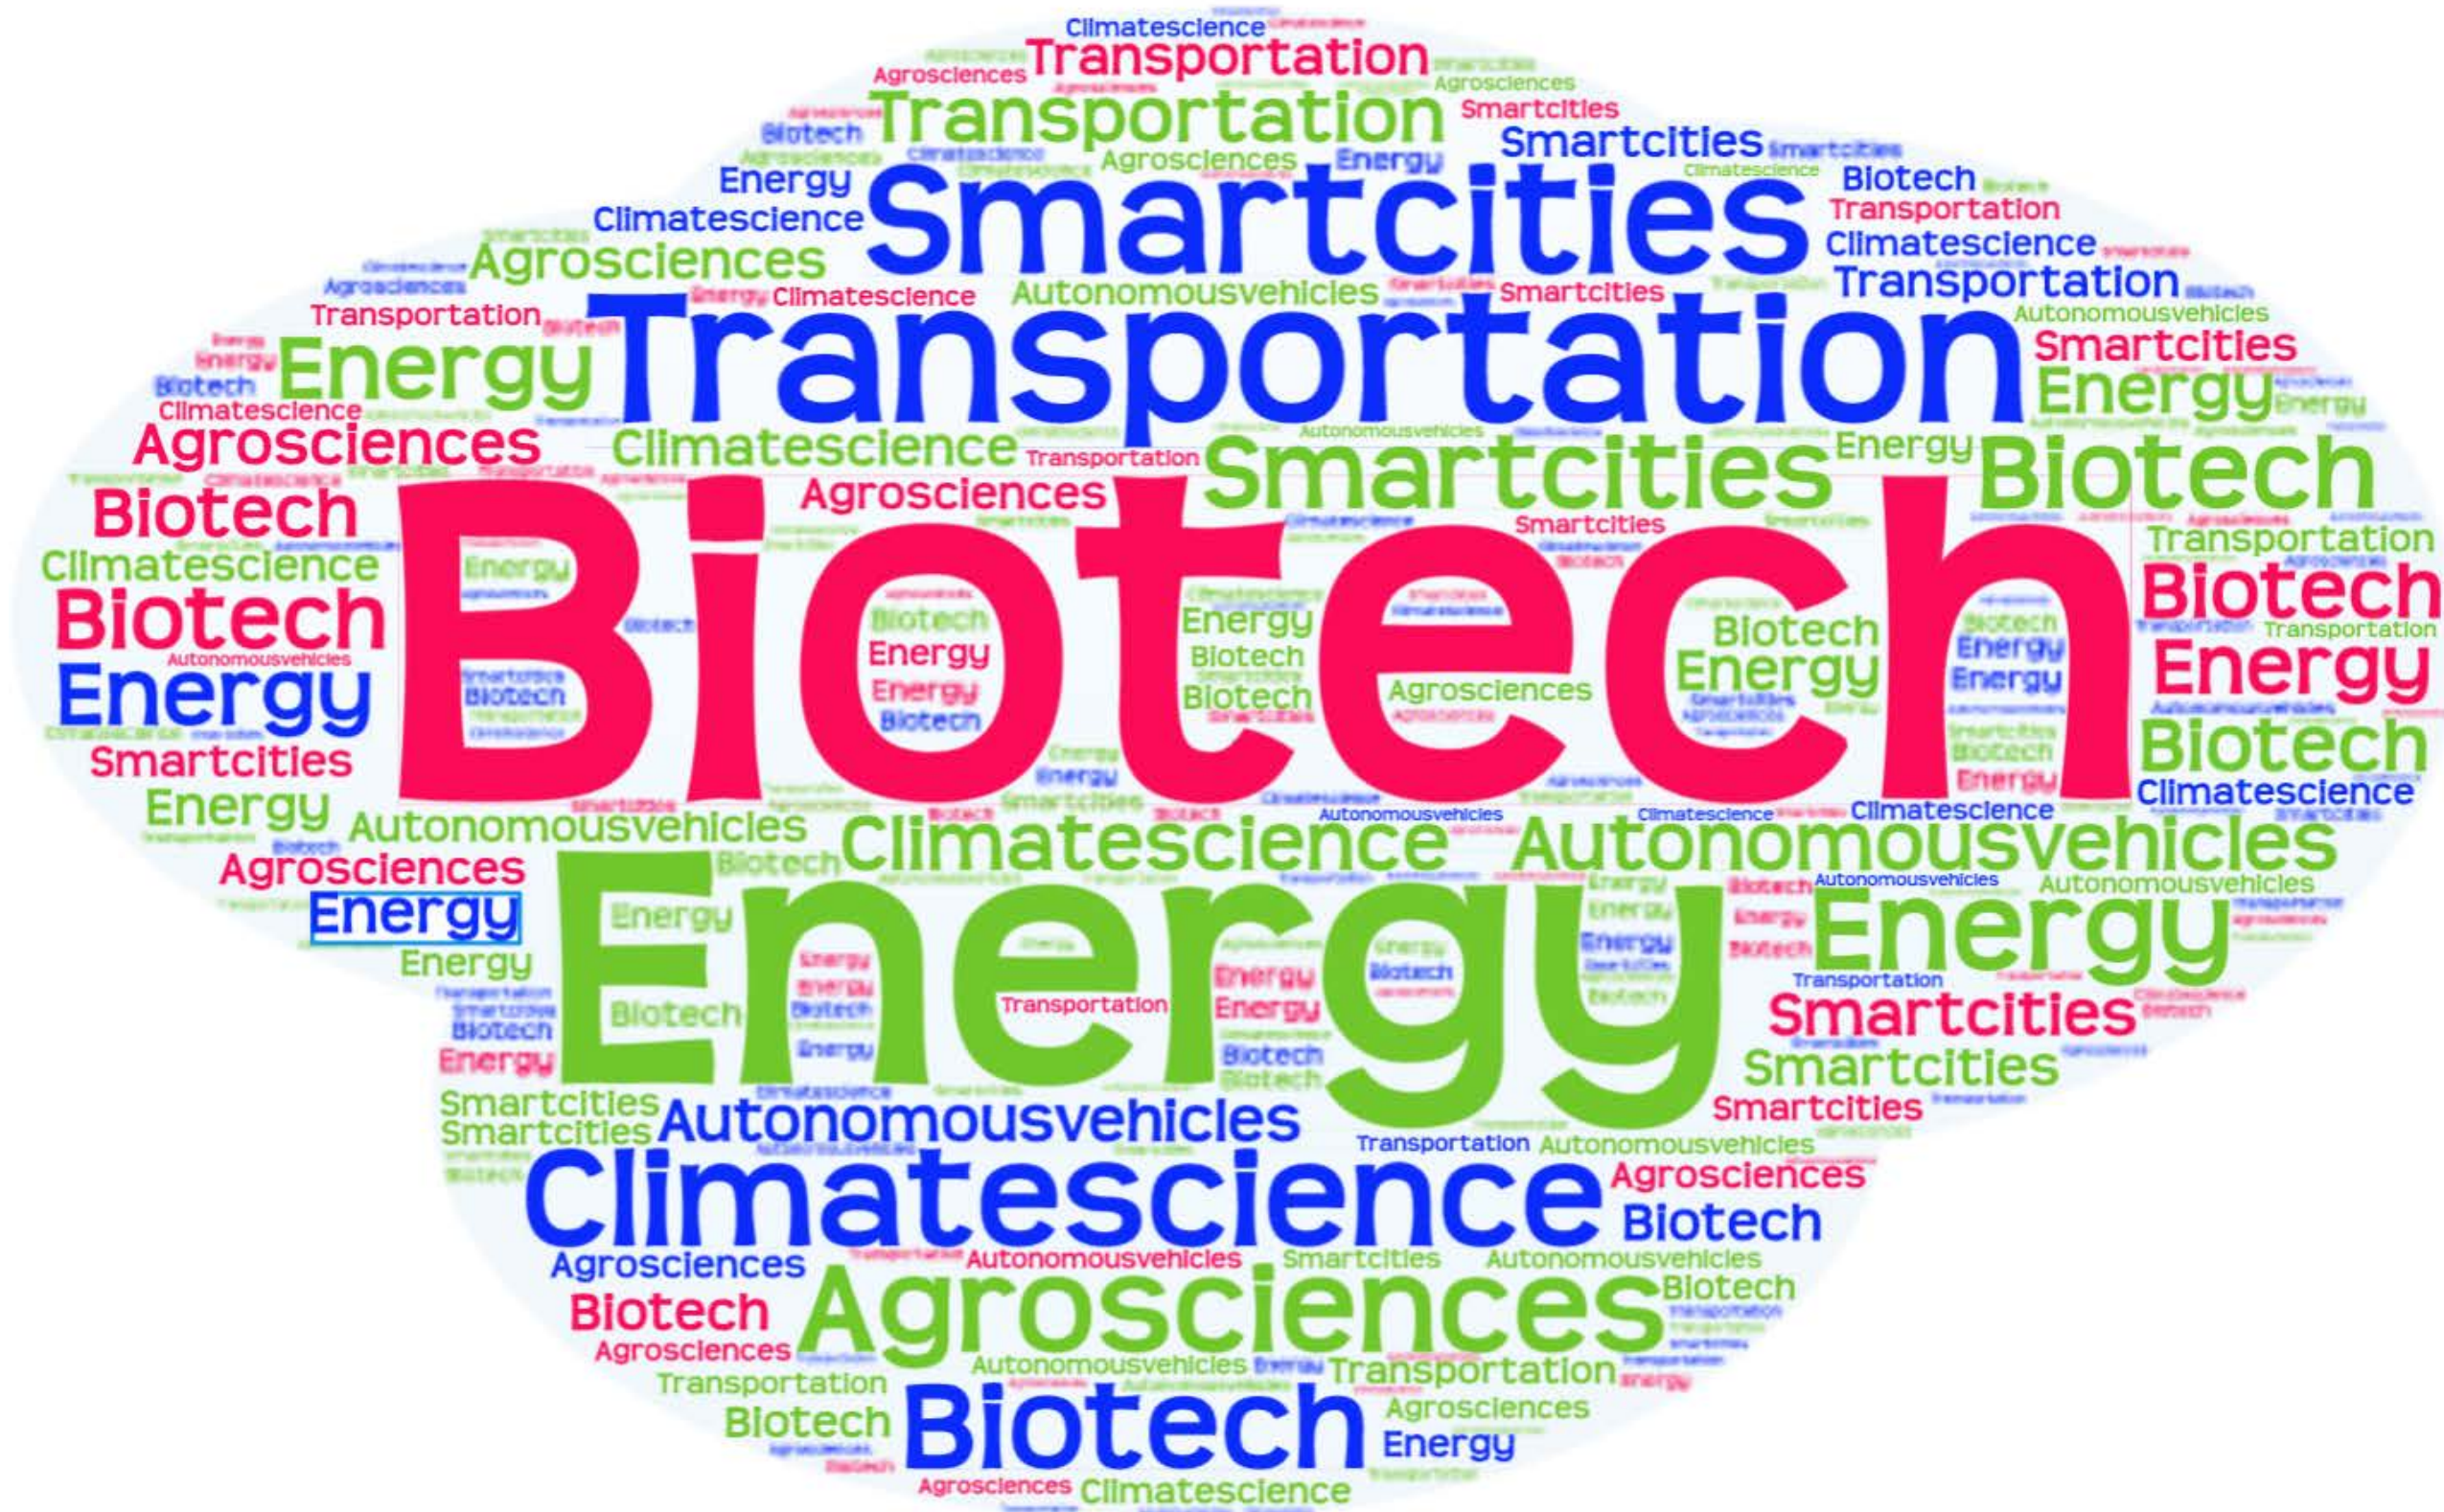

At the cusp of a consequential decade of its next 100 years, Rutgers–New Brunswick is ready to unlock its tremendous potential

A LOOK FORWARD

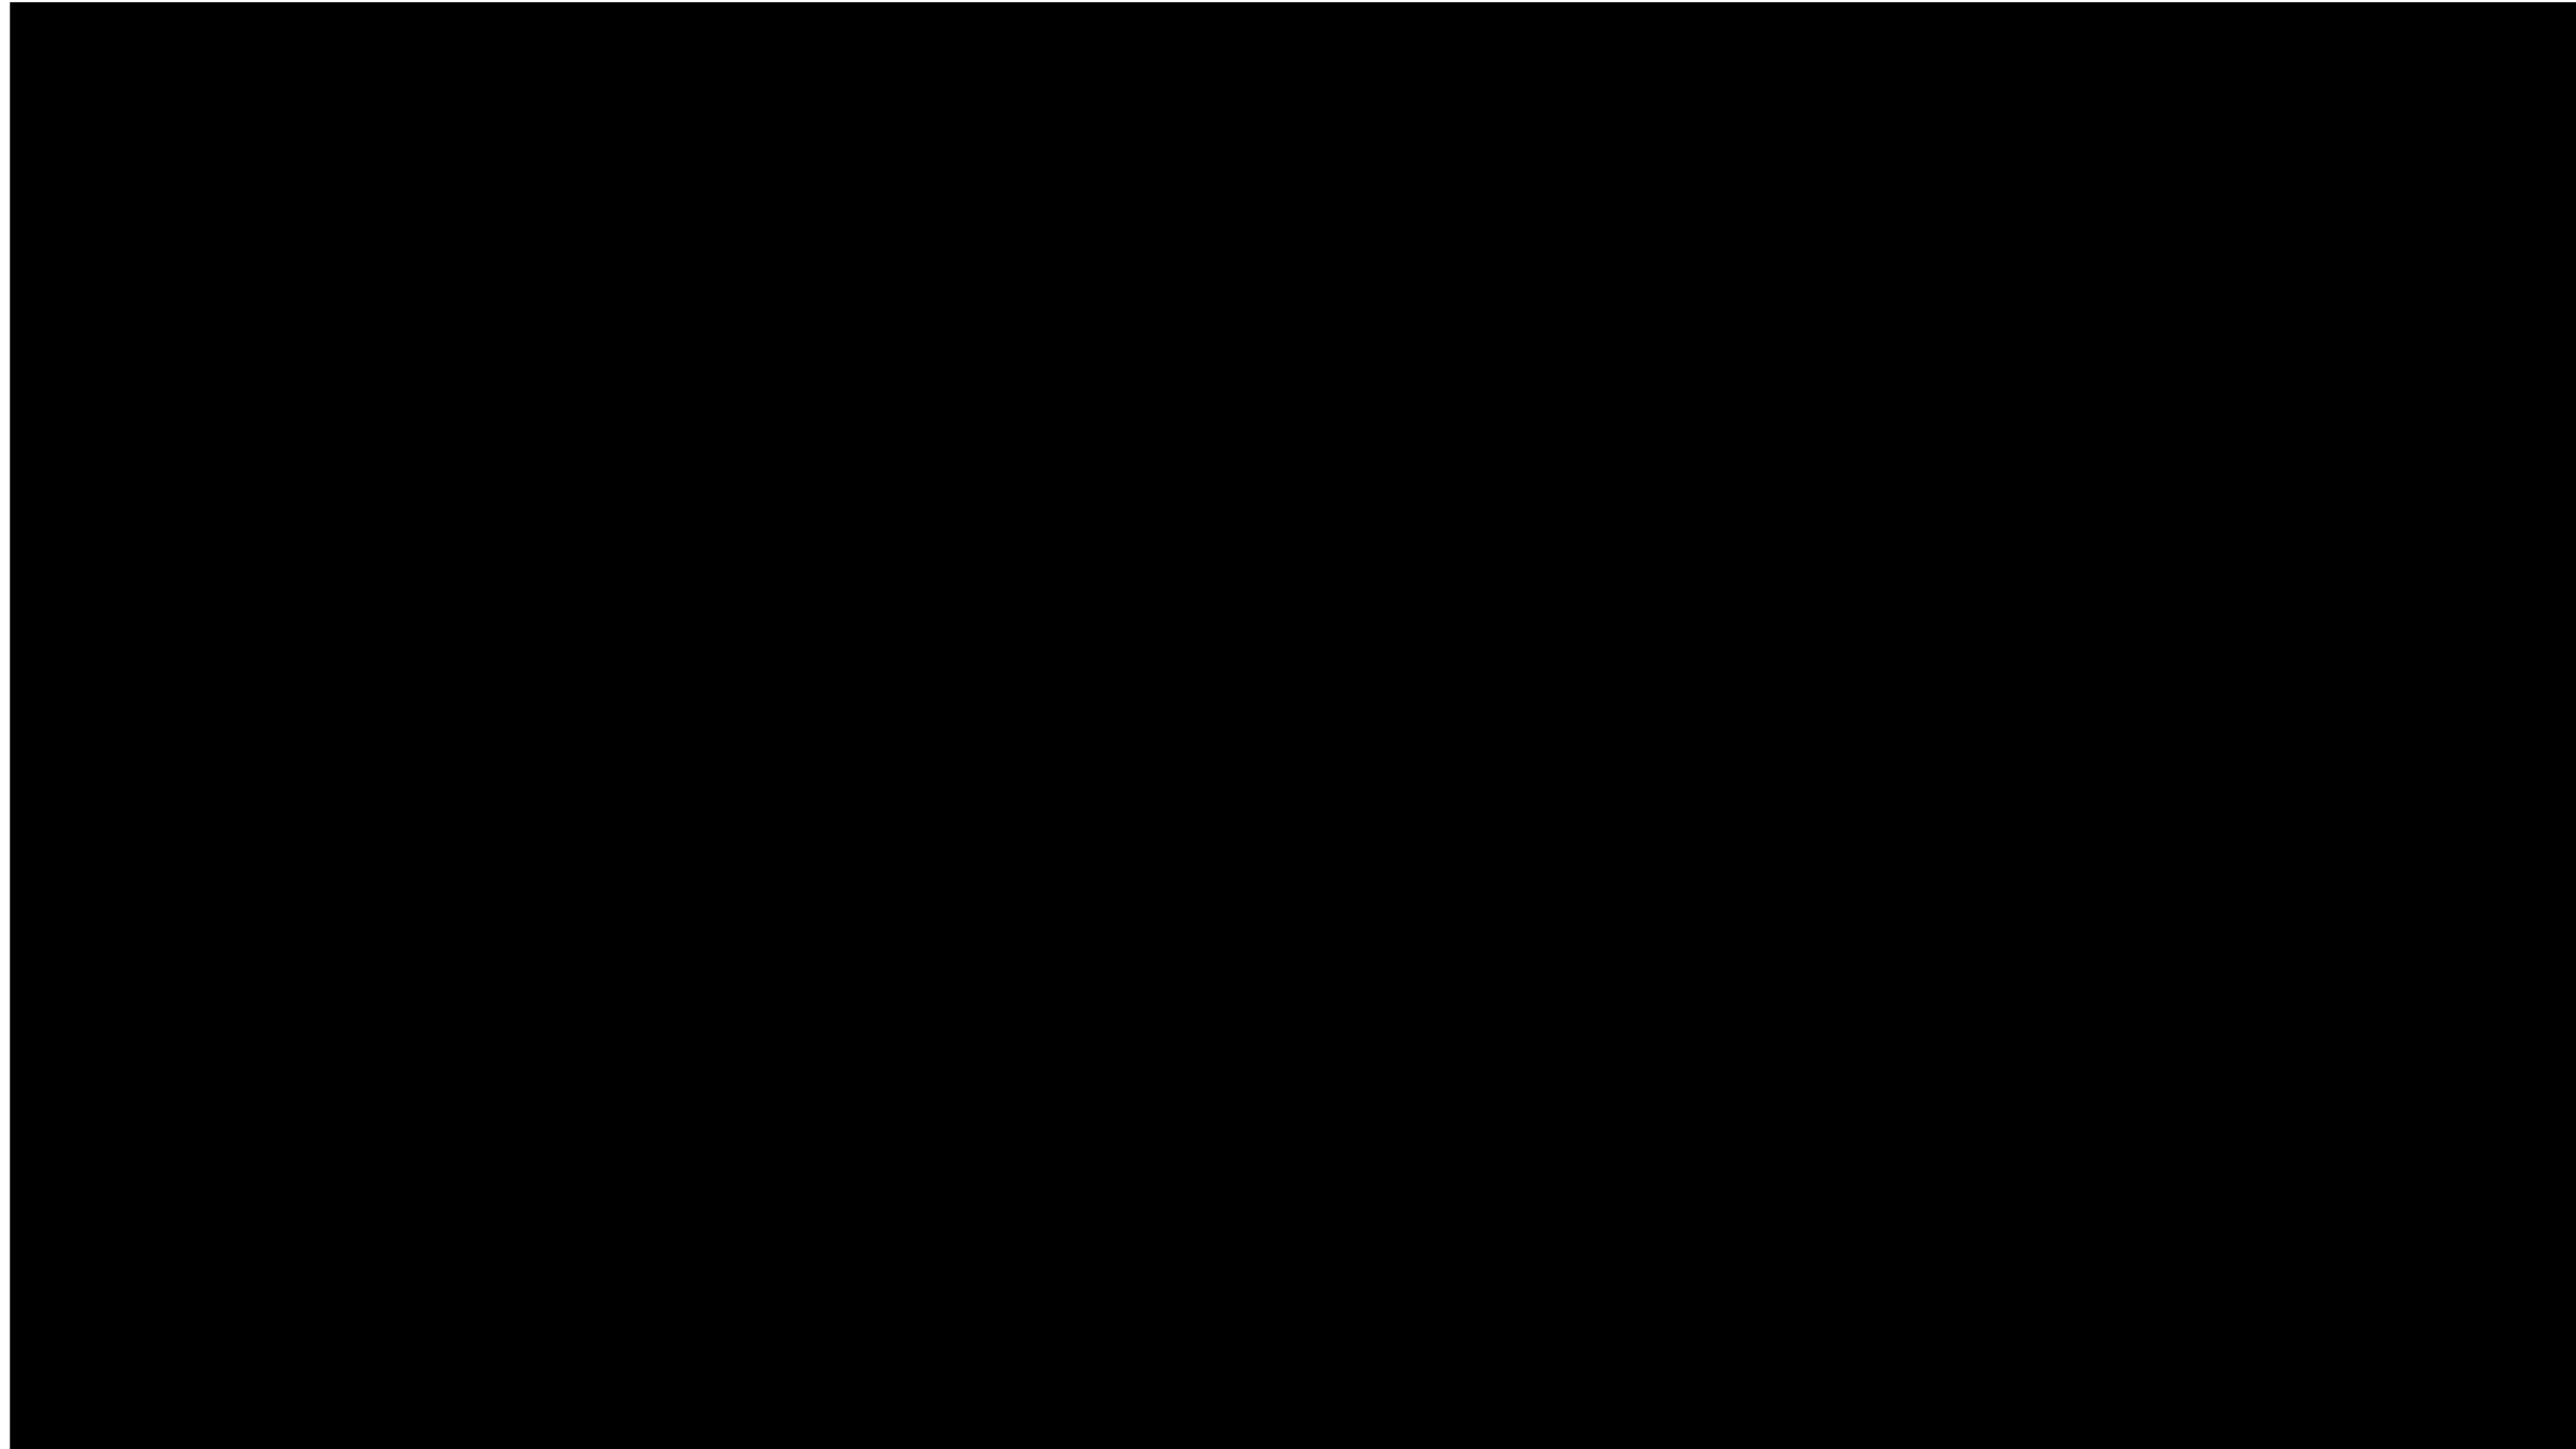

The 21st Century Economy and the Future of Work

Our Higher Purpose

Help improve the wellbeing of those in
New Jersey and around the world through
education, research, and engagement

Advancing Our Higher Purpose

- 1. Catalyze a surge in funded research**
2. Recruit and retain top faculty
3. Become the institution of choice for students
4. Build enduring connections with alumni and stakeholders

Catalyze a Surge in Funded Research

Top 20 Public Universities In Funded Research

Rutgers University brings more federal research dollars to New Jersey than **all other New Jersey colleges and universities combined**

Catalyze a Surge in Funded Research

Goal: Top 10 Public Universities In Funded Research

- Increase basic and translational research
- Increase large centers, institutes, and networks

From Lab to Fab to Market

Entrepreneurship and Innovation Through Partnerships

- 81 currently active start-ups
- 84 patents in 2016
- Ranked #21 among universities worldwide granted U.S. Patents
- Incubators and accelerators

THE FUTURE STARTS HERE

Drive a State-of-the-Art NJ Tech Highway

Advancing Our Higher Purpose

1. Catalyze a surge in funded research
- 2. Recruit and retain top faculty**
3. Become the institution of choice for students
4. Build enduring connections with alumni and stakeholders

Recruit and Retain Top Faculty

- 50% increase in Engineering and Computer Science faculties
- Commensurate increases in complementary disciplines
- Special attention to underrepresented demographics in the faculty cohort

Recruit and Retain Top Faculty

- Increase endowed professorships
- Build more state-of-the art-laboratories
- Increase faculty representation in federal research and policy making bodies

Advancing Our Higher Purpose

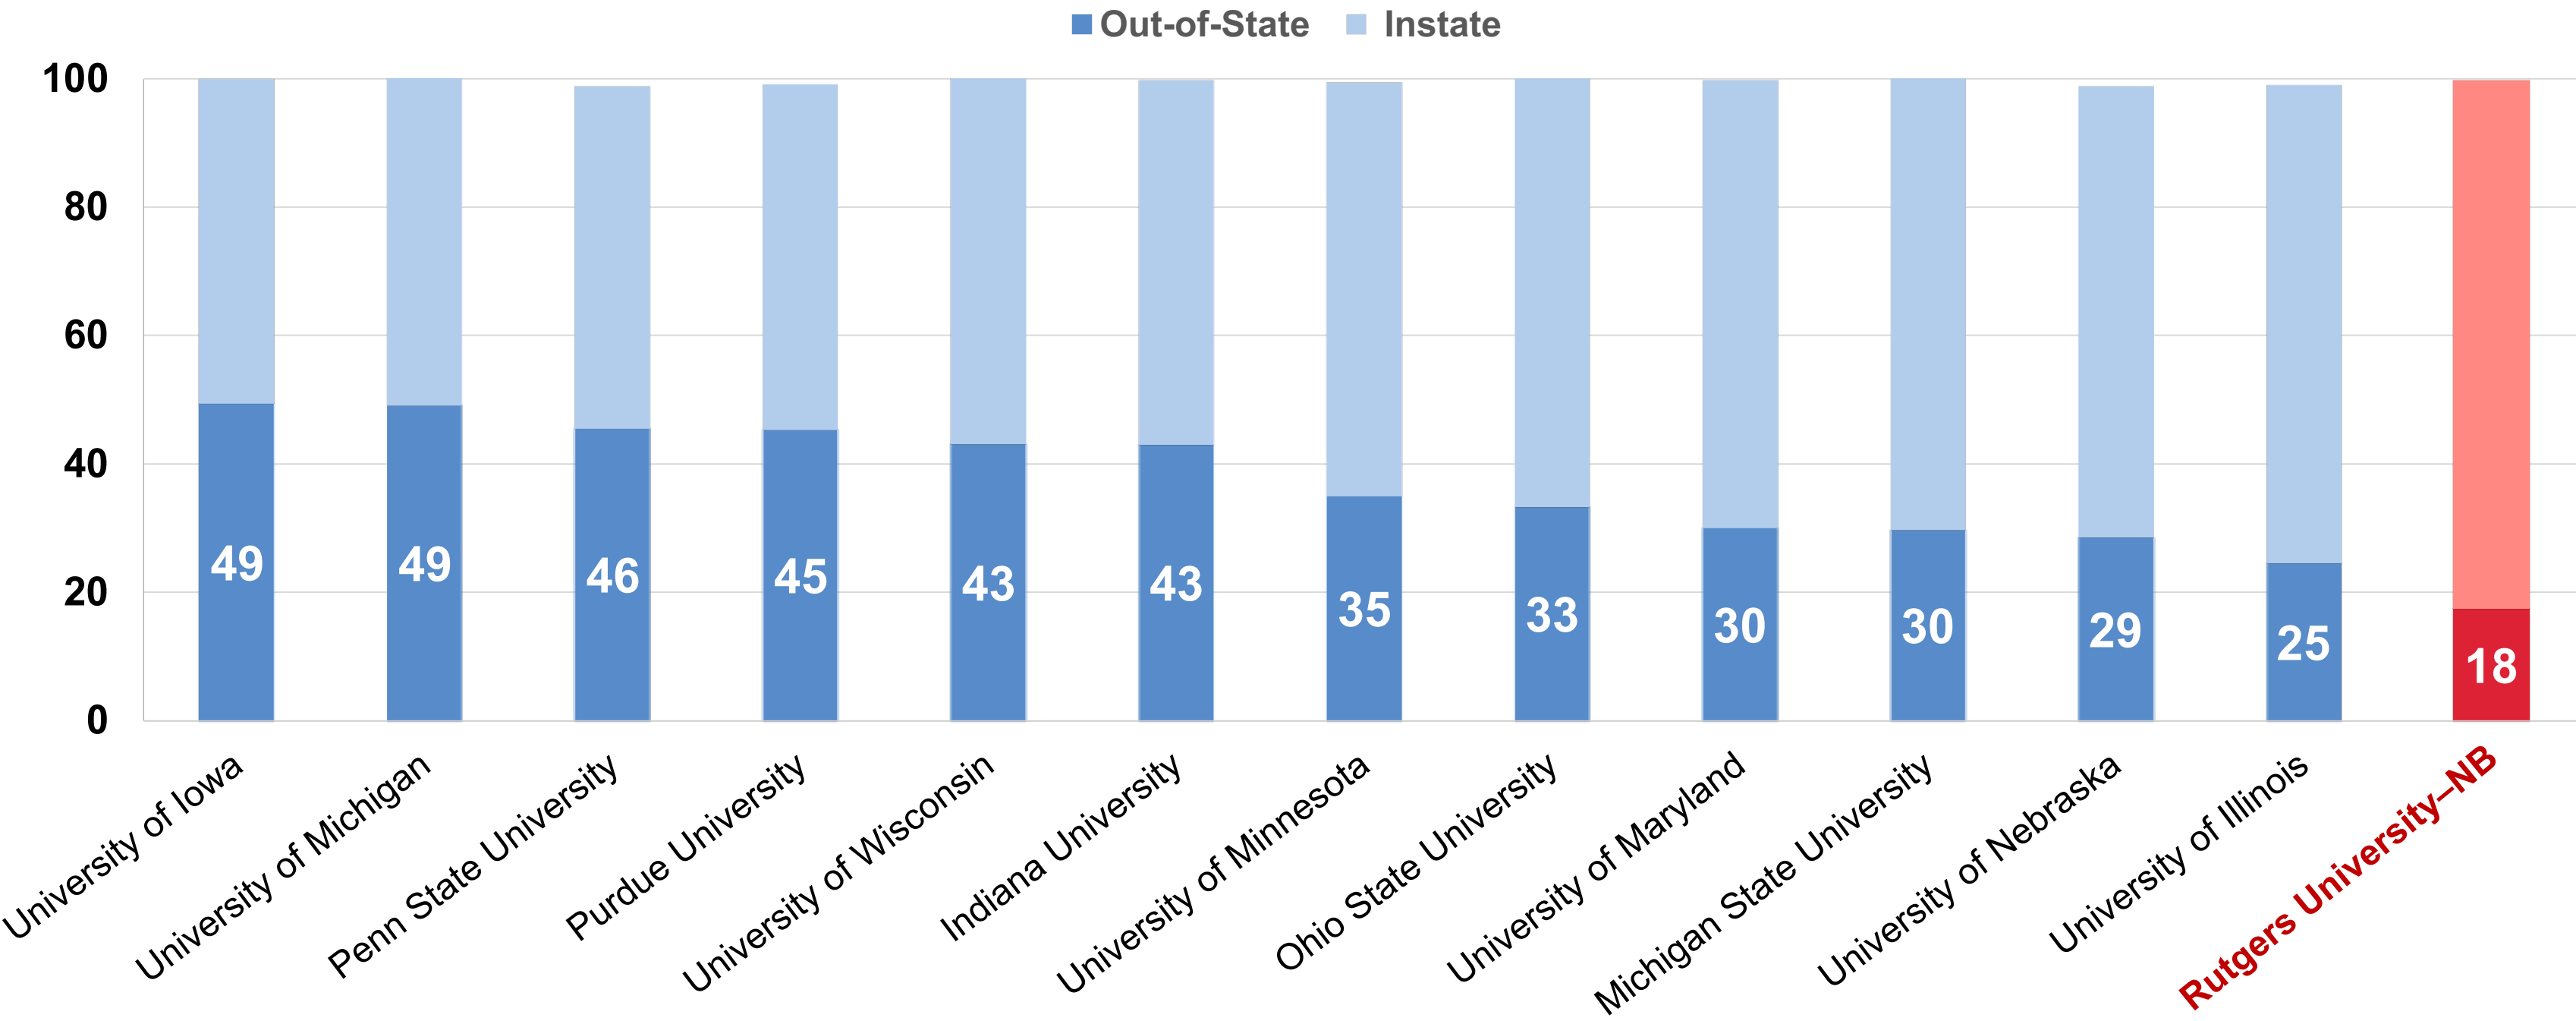

1. Catalyze a surge in funded research
2. Recruit and retain top faculty
- 3. Become the institution of choice for students**
4. Build enduring connections with alumni and stakeholders

Help improve the lives of all New Jerseyans

“Make No Little Plans, They Have No Magic....”

“I never imagined, when I graduated Rutgers, the full extent of what was even possible. I was the son of immigrants, just trying to make the most of the opportunity I felt so lucky to have. I had no idea that what Rutgers had prepared me for was so much more than what I had dreamed was possible.”

- Ramsey Homsany, Entrepreneur
BS 1997, Chemical and Biochemical Engineering
